Highlighted Changes (please read details in rules below)

1. Exhibitors may show a total of 6 hogs at the 2022 Wood County Fair in any combination or breeding and market hogs.
 - a. example: five breeding gilts and one market hog
 - b. There is no change to the amount of hogs exhibitors may identify in May, which is a maximum of 9.
2. Divisions - Breeds, crossbred (cross) market gilts, cross market barrows and all breeding gilts will only be split into divisions if there are 11 or more classes within the classification. Classes will be capped at 10 head.
 - a. This means if the same amount of cross market barrows and gilts (6 or 7 classes worth each) show up in 2021 as they have in the past two years, they will not be divided into divisions.
 - b. As an example, let's imagine there are 9 classes of cross market barrows and 11 classes of cross market gilts. All cross barrow class winners will compete for overall champion cross barrow, however, the cross market gilts will be divided into divisions and the division winners will compete for overall champion cross market gilt.

All exhibitors will enter fair classes including Showmanship using Fair Entry – Entry Deadline is June 1.
